Group Leader Crib Sheet Skills London 2008 Resource for Lesson Plan

What is Skills London 2008 (to assist with section 2)

A chance for young people to find out about different careers and the qualifications, skills and personal qualities needed to do specific jobs.

Exploring the huge range of choices available for young people using interactive demos and finding out what they like/dislike.

An opportunity to meet people who can help them.

Bookmark and Student Preview Website information (to assist with section 3 & 4)

Skills London 2008 is divided into colour coded zones to enable students to target their interests. Campus; City; Creative; Design, Construction, Engineering, Manufacturing, Aerospace & Transport; Hospitality, Tourism, Retail & Leisure; Maritime, Green & Environmental; Enterprise, Advice & Guidance; Skills Competition; Public Sector, Charities, Health and Care.

Highlight the Advice and Guidance Area where they can have one to one chats with experts and ask any questions they may have about their future.

Routes into different careers (to assist with section 5)

Explain there are many ways to achieve a specific career and the options include work based learning (earn while you learn including apprenticeships), part time or full time vocational courses, A levels and further education – all of which can then be a route into higher education if this is the route they choose.

Future help

 **mychoice**london.co.uk
All your options in a click

Mychoicelondon.co.uk is a website that lets Young People search over 35,000 courses all over London, helping them think about what career they would like to pursue.

The new website's 'pathway tool' lets Young People find out what courses and experience they'll need for the job they want.

You can help them find their way by telling them about mychoicelondon.co.uk

You can help them take their next step by pointing them to mychoicelondon.co.uk
